Troubleshooting Tips

If you have trouble logging into MyPG:

- Make sure you log into MyPG at <https://portergaud.myschoolapp.com> (not www.blackbaud.com).
- Make sure you use your email address as your username.
- Search “portergaud.myschoolapp.com” and delete autofill suggestions for this website. This prevents your web browser from trying to log you in using previously saved MyPG account information.
- Every user must use a unique email address for their account. If you don't have your own email address, please reach out to the helpdesk.
- Clearing your cache can fix many login troubles. Below is a list of help pages to assist you in clearing your browser history and deleting browser cache:
